Attention: Mr. Wm. Everett Medling

Gentlemen:

The enclosed sketch of the Printing & Photography Branch loading dock area has been reviewed with the following comments:

1. Provide space for one additional dumpster.
2. Provide sidewalk access to main north-south walkway.
3. Ensure that existing wall to be backfilled is properly waterproofed and has drain tile installed.

Per our telecon of 19 December 1983, the design for temporary parking shall be the scheme which provides 205 additional parking spaces.

Sincerely,

New Building Project Office
